

‘Music of Eternity’ Discussion Questions

Session 4: Holy Living: Embracing God’s Coming

(God has Come!)

How have you contributed – through your heart, soul, mind, strength, secret prayer or outer service – to playing a part in the Body of Christ?

How might God be calling you to a life of greater sacrifice? What changes might you make in response to His prompting?

If our thoughts and our loves reveal who we are, what have you learned about yourself? How can God and His Purposes become more central in your thoughts than thoughts about yourself?

Who are you envious of, and why? Ask God to help you love this person generously and sacrificially and delight in their well-being.

How is your love for God expressed through your love of others? When does it feel most difficult to love others?

When was the last time you showed forgiveness – perhaps to a member of your family, or a friend, or a colleague at work? Are you experiencing any difficulty with someone that has not been resolved because you feel justice has not been done? How do we balance justice and forgiving those who hurt us unjustly?

Is ‘Come, Lord Jesus!’ your prayer? If not, how might you develop your longing for Christ? The world to come is something to look forward to. Does this fill you with hope? If not, how do you really feel?
