

The ^{6th} National Big Church Read

Session 5: Spirit

At the end of Spirit, take a moment to review what we've learned and how it makes sense of life:

In what ways is true community a challenge in our modern culture? Why do so many of us experience loneliness in a hyperconnected age?

What has been your experience of the Holy Spirit? How can you open up your life more to his empowering presence? The book of Acts tells the story of the early church. What made their community life so radical and attractive (e.g. Acts 2:42–7; Galatians 3:28)?

What do you think of when you hear the word 'church'? How has the book of Acts helped you reimagine what Christian community can be like?

The mission of Acts continues today. Now we are called to faithful 'impro!'. In what practical ways can you play your part and make a difference where you are?

Overall, how has this section on the Spirit and community helped you make sense of life today?
