'Embracing Justice' Discussion Questions

Session 6: 'Do this to Remember Me'

How well does your church reflect your wider community? How does it relate to other churches in the area?

Are there any factions, cliques or divisions within your local church? How and why did they arise?

Who might be absent from Communion in your local church? Who may feel excluded? Who might be invisible?

Archbishop Michael Ramsey once wrote: 'The supreme question is not what we make of the Eucharist, but what the Eucharist is making of us, as together with the Word of God it fashions us into the way of Christ.'

What do you think the Eucharist makes of you, as an individual? Of your local church? Your national church? The Church everywhere, today?

How might ongoing reflection on the Eucharist shape your own life, and the life of your local church?

What was your biggest 'take-away' from Embracing Justice? What impact will that have on your life moving forwards?
