Questions for discussion or reflection Session 6 (Chapters 7 & 8)

How do you define community? Has this changed over the years?

Is your church a community where people from all backgrounds can find love, acceptance, dignity and friendship?

How do you feel when an authority figure walks into the room? (E.g. police officer, head teacher, chief executive, council leader, member of Parliament, church leader, etc.)

If we want to be effective in reaching working class communities who may feel there is an 'us' and 'them' culture, what can we change so that we're not seen as 'them'?
