

Consider Him Discussion Questions September

I doubt any of us would rate our prayer-life as excellent. In personal contemplation, or with others you might be meeting with, what would you identify as the main obstacles to prayer in your life? What changes would bring about improvement? Consider what Jesus was asking of His disciples (Matthew 26:36-46). What can we learn from it?

Read the 9 September thought again. Do you have a method of praying that has been 'habit-forming' in a good way? Share it with others, or commit to starting one today.

Perhaps the reading for 11 September was a little too personal for you, but it was a perfect way to illustrate intimacy with God. If you feel God to be distant, how might that be remedied. Check out James 4:8.

Give an honest account of what it is you seek when you pray. Measure how much the 'to whom' you pray influences how you pray.

What was your favourite devotional thought through September? Why?
