

Consider Him Discussion Questions September

On 2 October we looked at the parable of the Sower found in Luke 8:4-15. What happens to the seed is determined by the quality of the soil. How can we tend the soil – our hearts – to ensure that the seeds of God's Word will grow deep and produce what God intends?

Consider and discuss the meaning of the 'THINK ON THIS' verse for 6 October, found in Matthew 13:44. What does it mean to do everything to own the 'treasure'?

Did you discover anything new from the well-known parables of the 3 (or is that 4?) 'lost' things this month (9-12 October)? Share what that was with someone today?

Parables are not just clever little stories. In them, Jesus was revealing Yahweh, not merely as the God of the nation but as a personal and loving Father. How has that impacted you personally and what should we do with what we know and have experienced of Christ's teaching? Might Philippians 4:9 or Mark 16:15 help?

What has been your favourite devotional thought in October? Why?
