

Consider Him Discussion Questions December

Since this is our final engagement with 'Consider Him' I have decided to make the questions more personally reflective this month.

What have you learnt about Jesus that you did not know before reading 'Consider Him'?

Which of Christ's teachings have had a significant impact on your life?

Jesus was a Master of personal interaction with people of all races and life experiences. In what ways has this encouraged you in your involvement with others?

How would you explain who Jesus is to someone who doesn't know?

Did you approach Advent/Christmas differently this year than previously? How and why?

How are you preparing for Christ's second coming?
